

The Traprocket

Edition No 1 – 10th November 2021

Traprock Christmas Party: With the Christmas Party not far away on Saturday 4th December 2021 for a 5.00pm start we are all looking forward to catching up with friends for a relaxing evening of hospitality at the Inglewood Hotel. As usual there will be a visit by the man in the red suit again this year & we are asking parents to bring along a small gift for Santa to give to your child.

First Aid Courses: Two very successful First Aid Course days were held on Friday 1st October and Friday 29th October at Cement Mills Community Hall. Trainer from Health Security Education guided the participants through a very comprehensive list of necessary information culminating in all participants being able to steer their way through the test at the end of the day. Congratulations to all.

There are two days planned for the new year so would encourage any member to contact the Secretary to add your name to the list as I'm sure reservations will be at a premium. We already have a number of members who have secured their place for next year.

Traprock Website: If it's been some time since you have had a look at the Traprock website, I encourage you to go & have a look. Margot has put a sterling effort into creating something new & fresh for which we can be proud.

Some of the things may capture your attention are: Home Page, Events, News & Committees with the introduction of a Resources & Honour Board tabs. Please check it out. Any feedback or suggestions will be most welcome.

Communication: Traprock have lodged a submission to the Regional Telecommunication Review 2021. Together with the other five hundred and fifty submissions we can only hope that ours will come to the top of the list. We can live in hope but at least we have added ours to the long list of places in Australia that are crying out for a reliable mobile coverage.

Other Items of Interest: Management are always looking for ideas for Traprock meetings. If you can think of any items of interest that we might investigate or you think there is something from the past that we could re-visit, please let me know & I will bring it up for discussion at the next meeting.

More words of wisdom: If we're not meant to have midnight snacks, why is there a light in the fridge.

I'd like to wish all my readers a Merry Christmas and a Healthy and Happy New Year with better seasons.

Till next time.
