

The Traprocket

Edition No 2 – 21st March 2022

Traprock Meeting: Date claimer for the first meeting of 2022 – Friday 29th April at the Terrica Woolshed. Having investigated the merits of carbon farming in 2021 Traprock are holding another meeting this year. Since last year's meeting there has been a marked increase in the value of carbon with other interested party's coming into the market. With the environment, conservation and sustainability being part of everyday conversation, we thought that would be a great opportunity to further our education. The plan is to follow up the meeting with an appropriate farm walk.

Keep an eye out for the meeting invitations that will be sent out shortly.

First Aid Courses: Our final two First Aid Courses will be held on Friday 1st April and Saturday 2nd April at Cement Mills and we hope that they are just as successful as the previous two.

Inglewood Show 2022:

Below are some of the Prize Winners from the 2022 Inglewood Show, congratulations to those Traprock members who are still keeping the tradition alive, being a woolgrower in the Traprock.

Communication: We are still waiting on further advise from Telstra but as you can imagine it's a very slow process. I wish I had something more positive to report. We will still keep working to try and gain better mobile coverage.

Thought for the day: Even duct tape can't be stupid, but it can muffle the sound.

Till next time.
